Denial Corrective Action Plans, Supplemental Evidence Matrix & Reconsideration Pr

==========

Official Healthcare & Insurance Knowledge Document

SECTION: Remedial Evidence Matrix by Denial Code

For AUTH-01: Submit Emergency Department triage notes, admission vitals, and physician certification of acute life-threatening onset. For MED-01: Submit historical prescription records, physiotherapy logs proving failed conservative therapy, and consultant letter confirming structural pathology. For DOC-01: Compile missing operative notes, pathology reports, and signed consultant discharge summary. For POLICY-01: Furnish previous continuous coverage certificates from prior insurance policies to waive waiting periods under portability rules.
