Bharat Health Assurance - Specific Exclusions, Sub-Limits & Non-Payable Expenses

==========

Official Healthcare & Insurance Knowledge Document

SECTION: General Policy Exclusions & Unproven Interventions

Expenses related to any admission primarily for bed rest, nursing care, or custodial rehabilitation without active medical intervention are excluded. Experimental, investigational, or unproven medical treatments not endorsed by Indian medical regulatory bodies ICMR/NMC are not payable. Cosmetic, aesthetic, or plastic surgeries are excluded except when required as reconstructive surgery following traumatic burns or cancer resection.

SECTION: Advanced Surgical Technologies Sub-Limit Schedule

Robotic assisted surgeries, balloon sinuplasty, and stem cell therapies are covered up to a specific sub-limit of fifty percent of base sum insured, unless explicit clinical justification is provided by the consultant surgeon demonstrating that standard laparoscopic or open surgical approaches carry unacceptable patient morbidity.
