Bharat Health Assurance - Comprehensive Health Insurance Policy Policy Wording I

==========

Official Healthcare & Insurance Knowledge Document

SECTION: Inpatient Hospitalization Benefits & Room Rent Terms

---

Under Section 1.1, the company will cover reasonable and customary hospitalization expenses incurred for medically necessary treatment of illness or accidental bodily injury. Room rent is eligible up to 1 percent of Sum Insured per day. Intensive Care Unit ICU charges are covered up to 2 percent of Sum Insured per day. Medical practitioner fees, surgeon, anesthetist, and consultant charges are reimbursable subject to standard schedule of hospital tariffs.

SECTION: Clause 4.2 - Medical Necessity Verification Requirement

---

Medical necessity is a strict condition precedent to liability. Any elective inpatient admission or surgical intervention must be substantiated by demonstrable clinical findings, diagnostic investigation reports such as radiographs, CT, MRI, laboratory test panels , and documentation of conservative treatment trial where indicated. Interventions performed primarily for diagnostic or evaluation purposes without active therapeutic treatment are excluded under Clause 4.2.1.

SECTION: Clause 4.3 - Pre-Authorization and Emergency Intimation Protocol

---

For all planned elective procedures, the insured or healthcare provider hospital must obtain formal written pre-authorization at least 72 hours prior to admission by submitting the completed cashless request form along with doctor consultation notes. In the event of an emergency admission, cashless intimation must be submitted to the company’s Third Party Administrator TPA within 24 hours of hospitalization or prior to discharge, whichever is earlier. Delayed intimation without valid clinical emergency justification may lead to denial of cashless settlement.

SECTION: Clause 5.1 - Specific Illness Waiting Periods & Exclusions

---

A statutory 24-month waiting period applies from the policy inception date for specified medical conditions including: joint replacement surgeries for non-traumatic osteoarthritis; benign prostatic hypertrophy; calculus diseases of the gallbladder cholelithiasis and urinary tract; all types of hernia; and degenerative spinal disc

disorders. Any claim for these procedures during the waiting period is denied unless substantiated by emergency neurosurgical or orthopedic trauma indication.
